

The organization of the Euro Support Catalysts group is as follows:

The Euro Support Catalysts Group BV is a holding company. The president is Feike Dirksen, and the general manager is Renee van Yperen.

Euro Support BV is the catalyst marketing company that functions as a sales agency for Euro Support Manufacturing Czechia and as a distributor for products produced by, Riverland Industries, UOP, and some other smaller suppliers.

Euro Support Manufacturing BV functions as a holding company and was established before Euro Support Manufacturing Czechia sro was formed and the actual catalyst plant in the Czech republic was purchased. In reality it no longer has any function.

Euro Support Manufacturing Czechia, sro is our catalyst production facility in Litvinov, Czech Republic.

ASM Catalysts, LLC is a subsidiary of Euro Support B.V. It functions as a sales agency for Euro Support Manufacturing Czechia and as a distributor for products and services of Riverland Industries and other smaller suppliers. ASM Catalysts' primary territory is North America.

In case of an agreement, the signature of Feike Dirksen or Renee van Yperen is legally binding for all Euro Support companies.
